

# Grampians (Gariwerd) National Park Access Update

6/05/2022

Grampians National Park may have closures in place from natural events (storms, floods, and bushfires), park operations, projects and other circumstances. **Before visiting the park check for closures on the list below. Please adhere to signs and notifications and do not enter closed areas.**

## Roads and 4WD Tracks

- **Mt Victory Road** has traffic signals on a short section of road between Wonderland Carpark and Silverband Road. Expect short delays.

## Grampians Peaks Trail important information updates

### Water

The most reliable source of water on Grampians Peaks Trail are serviced water tanks located at trailheads, road access points/ road crossings and some hike-in campgrounds. These tanks are marked on the topographic map and are serviced regularly by Parks Victoria. This water is untreated so may require further treatment by walkers.

Water at hike-in campgrounds, if available, is generally supplied for cooking and hand washing supply and is untreated. When rainfall is minimal, water supply at hike-in campgrounds cannot be relied on. It is important that walkers fill up at serviced trailheads or road crossings prior to undertaking each overnight section of the walk, it is important that walkers bring their own water supply prior to setting out, and fill up at serviced trailheads or road crossings along the route.

For the latest information on water availability along the Grampians Peaks Trail visit [parks.vic.gov.au](http://parks.vic.gov.au) or contact Brambuk the National Park and Cultural Centre.
