Please note:

- The footprint of the former Central Pier in Victoria Harbour remains closed to all vessels due to shallow water. The area will remain marked by Exclusion Zone buoyage until further notice.
- Footscray Park Floating Landing is closed to berthing and pedestrian access due to flood damage.
- Shallow Waters - Herring Island meander has sediment build up creating shallow waters around the island, please proceed with caution or avoid entering if unfamiliar with area.
- Shallow waters – The central river channel immediately downstream of Charles Grimes Bridge, in the vicinity of Yarra’s Edge Marina, has reduced water depth as a result of sediment build up. Minimum depth at low tide may be less than 1.5m. Large vessels should navigate the area with caution and stay to the southern side of the channel where possible.
- Banana Alley timber wharf is closed to all berthing due to deterioration in the structure
- Leonda Landing is closed to all vessel and pedestrian access due to structural damage until further notice. A temporary floating pontoon is in place for small (<12m) commercial vessel access only.

*All closed river events will be conditional upon publishing of an Activity Exclusion Zone Notice in the Government Gazette in accordance with section 208(2) of the *Marine Safety Act 2010*. For the purposes of planning and/or operations, river users may assume the river is closed unless otherwise notified, in writing, by Parks Victoria.

Event operates under a Flag System. A flag marshal will be positioned at the starting and finishing points of the course to indicate when vessels can proceed through.

** Event operates with a Parks Victoria managed transit lane in conjunction with an approved contractor.

See Notice to River Users

All vessels in the area of activities are advised to travel with caution and to follow any directions given by Parks Victoria Officers. River traffic along these sections of river during event times may encounter delays due to congestion and are urged to maintain a courteous manner toward other river users.
