General Conditions

Fees

Each financial year, the Department of Treasury and Finance sets the indexation increase applicable to fees and charges from 1 July.

Bookings and payments

Full payment of event permit fees is required prior to the event permit being issued. Bookings are not confirmed until payment has been received.

For permit processing lead times please refer to the Parks Victoria website - Parks Victoria Events and Filming permits.

Late application fees

A late application fee may be applied to any application that does not meet the minimum processing lead times.

Deposits and cancellations

No refund will be provided where a cancellation is made within **30** days of the event date, except where the cancellation has been made by Parks Victoria in the interest of public safety.

Bonds

Where considered appropriate a bond should be collected to encourage responsible use of the event location and accountability for the protection of the physical environment and/or park assets.

The amount of the bond shall be set at the discretion of the host park.

Supervision fees

Some events, due to the nature of the activity involved, or the size of the event, will require ranger supervision. The decision whether an event requires ranger supervision will be made by Parks Victoria.

Where supervision is deemed necessary an hourly supervision fee will be applied. Supervision fees have been calculated on a cost-recovery basis.

Equipment hire

Various parks have event related equipment available for hire by the public. Hire fees apply to use of this equipment and are specified in the various fee schedules in this document.

Information on what equipment is available for hire can be obtained by contacting the host park, or alternatively by calling **13 19 63**.

Advertising

All advertising costs incurred by Parks Victoria on behalf of an event will be on-charged to the Permittee in full.

Cleaning fee

Where hire equipment is not returned in the condition in which it was provided to the Permittee a cleaning fee will be applied.

Where the cost of cleaning or repair of the hire equipment exceeds the cleaning fee, any bond provided will be used to recover this amount.

Goods and Services Tax - GST

All fees and charges are **inclusive** of GST.

Exclusivity of access to event location

The provision of an event permit does **NOT** confer exclusive access to the event location unless the event is a ticketed event.

Which event fee schedule applies to my event?

Parks Victoria's Event Fee Schedule is the agency's approved schedule of fees for issuing event permits. The Event Fee Schedule is comprised of six sub-schedules:

- Community events
- Recreational Activity Events – Parks and Reserves
- Recreational Activity Events – Bays and Waterways
- Weddings and Private Events
- Site Hire
- Venue Hire

The fee schedule that is to be applied to a particular event will depend on the nature and location of the event, as well as the status of the event applicant:

Table 2. Which fee schedule applies to my event?

Event category	Event description	Event fee schedule to be used
Community Event	Permittee is a not-for-profit or charity	Schedule 3: Community Events
	100% of the event proceeds are donated to a not-for-profit or charity	Schedule 3: Community Events
Recreational Activity Event	Organised recreational activity, usually of a competitive nature, conducted in **parks and reserves** that are not a community event.	Schedule 4: Recreational Activity Events – Parks and Reserves
	Organised recreational activity, usually of a competitive nature, conducted on **bays or in waterways** that are not a community event.	Schedule 5: Recreational Activity Events – Bays and Waterways
Weddings and Private Events	Small scale event organised by private customers and attended by invited guests	Schedule 6: Weddings and Private Events
Site Hire	Use of public open space on Parks Victoria managed land as a venue for a major event that is not a Recreational Activity Event.	Schedule 7: Site Hire
Venue Hire	Use of a building on Parks Victoria managed land as a venue for a major event.	Schedule 8: Venue Hire

Further information on the event permitting process, including when an event permit must be obtained, is provided in Parks Victoria's Event Management Framework.

Schedule 3: Community Events

Where a Permittee (Event Applicant) is a registered charitable organisation or a not for profit group the event is to be considered a community event and the permit fee is set on a cost recovery basis.

Eligibility Criteria for Community Event Permit Fees

Community Event pricing will apply where:

A. The Permittee is a charity; or
B. The Permittee is a not for profit group;
C. The permittee is an Incorporated Association; or
D. All net proceeds from the event will be distributed to a charity or not for profit group.

In all cases, the onus is on the Permittee to establish their status and eligibility for community event pricing.

A. Definition of 'Charity'

The Australian Tax Office states that for an organisation to be considered a charity it must:

- Be not for profit,
- Have a charitable purpose, and
- Be for the public benefit.

If a Permittee is able to demonstrate that it satisfies the above criteria then the Permittee is to be considered a charitable group and Community Event Permit fees are to be applied.

B. Definition of 'Not for profit'

The Australian Tax Office defines a not for profit organisation as follows:

"A non-profit organisation is an organisation that is not operating for the profit or gain of its individual members, whether these gains would have been direct or indirect. This applies both while the organisation is operating and when it winds up.

Any profit made by the organisation goes back into the operation of the organisation to carry out its purposes and is not distributed to any of its members.

We accept an organisation as non-profit where its constituent or governing documents prevent it from distributing profits or assets for the benefit of particular people - both while it is operating and when it winds up. These documents should contain acceptable clauses showing the organisation's non-profit character".

FOC = Free of Charge
POA = Price on Application

The following is a non-exhaustive list of clubs, groups and bodies who satisfy Parks Victoria's not for profit requirements:

- Registered Incorporated Associations
- Government departments
- Government agencies
- Local councils
- Schools
- Kindergartens
- Universities
- Churches
- Sporting clubs that do not permit distribution of profit or gain to members
- Recreational clubs that do not permit distribution of profit or gain to members

The onus of establishing charity or not for profit status lies solely with the Permittee.
The Register of Incorporated Associations can be found at:
https://www.consumer.vic.gov.au/clubs-and-not-for-profits/incorporated-associations/search-for-an-incorporated-association

C. Charitable or not for profit beneficiaries

Where it can be demonstrated that a charitable or not for profit group is the **sole** beneficiary of an event (i.e. 100% of the event profits are donated to charity) then the Community Event Permit fees are to be applied. Community event pricing does **not** apply where a charitable or not for profit group receives only part of the net proceeds from an event.

In situations where community event permit fees are being applied under this scenario, the following special conditions must be included in the event permit:

1. The Permittee warrants that all net revenue from the event will be distributed to **insert name of charitable or not for profit group** within 30 days of the event date.

2. The Permittee will provide Parks Victoria with an itemised profit and loss statement for the event within 21 days of the event date. The profit and loss statement will itemise:
    a. All revenue generated from the event;
    b. All costs incurred in the delivery of the event; and
    c. The profit, or net proceeds, generated from the event.

3. Within 30 days of the event date the Permittee will provide Parks Victoria with a copy of the receipt from the nominated charitable or not for profit group acknowledging payment of the event proceeds into their account.

FOC = Free of Charge
POA = Price on Application

Community Event Permit Fees

Once eligibility for Community Event Permit fees has been confirmed, the Event Permit Fee is to be calculated according to the following formula:

Community Event Permit Fee =

A. Permit Administration Fee, plus
B. Additional Administration Fee (if applicable), plus
C. Additional Fees (if applicable), plus
D. Vessel Fee (for water based events).

The **Permit Administration Fee** is set to recover two hours of administration i.e. assessing event application, preparation of event permit, execution of documents etc.

The **Additional Administration Fee** will apply when the time involved in administering an event permit exceeds two hours. The Additional Administration Fee is a per hour rate and will apply to each hour in excess of the initial two hours incorporated into the Permit Administration Fee.

The **Additional Fees** component allows staff supervision costs to be recovered, as well as including a late fee (for applications submitted within 21 days of the event date), permit amendment fee and other direct costs that would not otherwise be incurred and can be reasonably estimated. Other costs should be reasonable estimates based on quoted or contract prices.

The **Vessel Fee** is to be applied to water based community events where a Parks Victoria vessel is required. The Vessel Fee is a per-hour rate (or part thereof) and is **not crewed** i.e. staff supervision fees are additional to the vessel rate.

Schedule 4: Recreational activity events – Parks and Reserves

Recreational activity events are events that revolve around an organised recreational activity, usually of a competitive nature. Examples of recreational activity events include: fun runs, mountain biking, motorbike competitions, and surfing contests.

Event permit fees for recreational activity events are calculated according to the following formula:

Recreational Activity Event Permit Fee =

A. Activity Administration Fee, plus
B. Per Competitor Fee, plus
C. Additional Fees (if applicable)
