## **Set Aside(s) for Broken-Boosey State Park**

The *National Parks Regulations 2024* have been made under Sections 32AA, 37 and 48 of the *National Parks Act 1975*.

Regulation 11 provides that Parks Victoria may make a determination in writing that sets aside a regulation. In doing so, Parks Victoria may specify that set aside applies to the whole or a specified area of a park; and specified days or times or for specified periods; and to a person or class of person. In addition, Parks Victoria may set out any conditions subject to which the activity or conduct specified in the set aside determination must or must not be carried out; and specify if a permit is required to undertake the activity or conduct that is permitted, required, restricted or prohibited.

Where the area(s) covered by this Set Aside Determination, for the purpose of general park management, coincide with the area(s) covered by any other current Set Aside Determination for temporary closure of a park for the following specific purposes:

- planned burning in the approved Fire Operations Plans and incorporated into the Joint Fuel Management Program for a particular span of years
- animal and plant control programs and/ or conservation activities
- infrastructure installation and maintenance
- fire and flood recovery
- seasonal road and track closure

then this Set Aside Determination, for the purpose of general park management, does not replace those current Set Aside Determinations for the temporary closure of a park.
