National Parks Act 1975

National Parks Regulations 2013

Setting aside areas for temporary closure in National Parks

The *National Parks Regulations 2013* have been made under Sections 32AA, 37 and 48 of the *National Parks Act 1975* (Vic.).

Regulation 10 provides that Parks Victoria may make a determination to set aside an area as an area in which an activity or conduct is permitted, required, restricted or prohibited.

Additional temporary determinations are put in place from time to time for purposes such as planned burning, seasonal road closures or pest animal control programs. These temporary determinations operate in conjunction with ongoing determinations for general park management and where there is a conflict or perceived conflict these temporary determinations take precedence.

*** Regulation 10 Determinations setting areas aside

(2) If, under a set aside power, Parks Victoria makes a determination setting aside an area in which an activity or conduct is required, restricted or prohibited, Parks Victoria must erect or display notices at or near the entrance to the area including –

- a. The area that has been set aside under the determination; and
- b. The nature of the determination; and
- c. in the case of an activity or conduct that is required or restricted, the conditions subject to which the activity or conduct must be carried out.
